

High level surface biocide

VTC BENZO

- Bactericidal
- Virucidal
- Mycoplasmicidal
- Fungicidal
- Tuberculocidal
- Sporicidal

VivoGuard is extremely powerful against pathogens and at the same time very safe on the user. Kills bacteria, viruses, fungi, Mycoplasma and bacterial spores faster through uniform coverage and better spread.

VTC BENZO is a nanotechnology derived polymeric compound based high level biocide.

VTC BENZO is a perfect blend of Actives and synergistic Inactives, ensuring widespread micro particle dispersion, uniform coverage, better spread and faster kill of bacteria, viruses, fungi, mycoplasma and bacterial spores.

VTC BENZO has unsurpassed efficacy against a host of pathogenic micro-organisms including covered and uncovered viruses.
